Dr. Amy Lingo

Dean of the College of Education and Human Development and Professor

University of Louisville

Mariana Barzun

Executive Director, Office of Philanthropy, Mayor Greenberg's Office,

Louisville Metro Government

We use three strategies to drive our work:

Systems

We take a systems view, using data and best practices, to identify gaps along the pathway to student achievement and success.

Scholarships

We're raising funds so that every eligible JCPS graduate can get a tuition-free two-year college degree or workforce credential.

Supports

We're convening and organizing partner agencies to implement services and supports to ensure that every child in our community has the tools and guidance needed from cradle to career.

SUPPORTS

- Community Learnings Hubs currently serve over 600 JCPS students via a high-impact tutoring initiative
- Backpack League serves over 10,000 JCPS students via Summer Learning

SCHOLARSHIPS

\$22.6 Million has been committed to extend the promise of 2-year tuition-free postsecondary opportunity through this year's eighth graders, the class of 2026
